- 1 Before opening the workbook, Go to Tools->Macro->Security and select MEDIUM.  
On opening the workbook, select ENABLE MACROS
- 2 Go to Tools-> Add Ins and check the ANALYSIS TOOL PAK
- 3 In the CALENDAR sheet just enter the year to generate the calendar.  
You can enter any year from 1 A.D
- 4 To change colors, font, border of the calendar select the sheet SANDBOX
- 5 Use the color slider in the top left to automatically change colors.  
To change font,border, outline use the options in the top right.  
You may also use the sample calendar in the bottom right to effect your changes.
- 6 After adjusting the colors, save your format using the SAVE THEME button
- 7 To apply a theme, select a theme from the drop down box and click the APPLY THEME
- 8 If you are satisfied with the format, click the CREATE CALENDAR button
- 9 For more help, visit the home page.
- 10 Explore the calendar in Visual Basic Editor. The password is calendar.
